**\*\* Automatic Entry**

Universities marked (\*\* Automatic Entry) are the universities with which Bedford College has a formal articulation agreement - therefore Bedford Diploma Graduates have automatic (gauranteed) entry (with credit) into their degree programs.

Due to our excellent reputation, the university acceptance rate of our graduates is unsurpassed. Several other universities (apart from those noted above) may also provide Bedford Diploma Graduates entry (with credit) into their degree programs on a case-by-case basis.

When considering a university pathway, please check with Bedford staff as the list of formal agreements and pathways between Bedford College and universities is constantly increasing and there are currently some formal agreements pending.
